VALUABLE IRON PROPERTY AND FARM FORSALE. THE subscriber would call the attention of those who It is successful would can the attention of those who wish to embark in the from business, also those who wish to own a handsome and fertile farm, to the following property which he offers for sale.

1st. Jackson Furnace and lands, say about 2500 acres.—
This furnace is on Beaver Dam Creek, Dickson county,

Tennessee, and the stack is the largest in the State, being 47 feet high. The turnee, except the stack, is now being rebuilt, and will be ready to put in blast by the 1st of No-rember. The route of the North Western Railroad, as sur-veyed, passes immediately by the Furnace. The ore is ansurpassed, and the timber and groung admirably adapted for coaline.

Also, Belleview Furbace, and about \$500 acres of land, I iccluding the Dickson ore bank. This Furnace is on Jones Creek, about three miles South of Charlotte. There is a good water power, and also good farming lands attached to this property.

Also, the Valley Forge on Jones. Creek, and about 57, oo acres of land. The tall is 28 feet, and the head of water immense. There are some very fine farming lands in this tract, and it is altogether a most desirable location.

tract, and it is altogether a most desirable location.

Also, the Mill Creek property and Duck River ore bank in Hickman county, Tennessee. The Mill Creek sifes, of which there are five or six, presentine best water powers for the size of the stream that can be found in any country. The Duck River ore bank is the heaviest deposite of ore in the State, and the ore can be procured with less labor than at any bank in the country. It is within half a mile of Duck River, and the lands around are covered with the best coaling timber.

Also, the Lower Tunnel, at the Narrows of Harpeth, ir

Davidson county, Tennessee, with ten acres of haid far-buildings and machinery. It is unnecessary to speak of the water power at the Narrows of Harpeth. It is known to every one, and twenty-five years of experience enables the subscriber to speak with certainty of its great benefits and subscriber to speak with certainty of its great benefits and usefulness. It is, indeed, only to be seen to be appreciated. Lastly, my Williamson Farm, on which I now reside, and which for beaety and fertility is second to none. The house is large and airy, and the out-buildings of the best description. It is intersected by the Southern Bailroad, and also by the Nashville and Franklin Turapike. It is 11 miles from Nashville and 7 from Franklin. It is a "meadow larm," watered by Little Harpeth, and the best evidence of late outlifty is the law traduced on it this year which all its quality is the hay produced on it this year, which all who have seen it, pronounce it the best they have ever seen. It is altogether one of the most desirable turns for beauty and profit that is in the South-west. It contains about 560

acres.

The above property is offered for sale, not for the purpose of profit or speculation, but simply from the fact that the subscriber's health, makes it necessary to relieve himself of the care, necessarily incident to so much real property lo-cated at different points, and renders him unable to give it that personal attention which it requires.

Any one wishing to purchase any of the above property will please coll on the subscriber at his residence, or address him at Good Spring P. O., Williamson county, Tennesse.

M. BELL.

Cincinnati Enquirer will publish the above until the 1st of January, 1854, and send bill to this office.

TEGROES FOR SALE. The subscriber has sev Peral families of Negroes that be will sell at private sale to persons residents in this State, and who intend to keep them therein. Residence on the Nashville and Franklin Turopike, 11 miles from Nashville.

Nashville, June 28, 1853.

Cot., L. P. Cheatham:—Dear Nir:—I have been using be "Reaping and Mowing Machine" patentented by Manney of Himois, which you are now offering to the citizens of Tennessee. It is a first extra land saving Machine. It works principally upon the speed of the team. If the team can ravel four unles per hour, it will leap or Mow, lifteen acres u ten hours. It is entitled to the confidence of the public.

Respectfully

I. I. F. Bradley, now managing the farin of Dr. Shelby,

make the following statement: We have ind for more than one week, one of Col. Cheatham's mowing and reaping machines, we havetried it in clover and grain blown and tan-gled, and I now state that it mows and cuts cleaner than the sythe blade, and that it will mow per day as much as 14 hands, and it can respet least twenty-four acres per day. iune29-t&w. L. F. BRADLEY. \$50 REWARD.

RANAWAY from the subscriber on the night of the 3rd inst., his negro boy AMOS. He is about 20 years of age, 5 feet 9 or 10 inches high and weights about 150 pounds. He is a bright mulatto, has straight hair and blue eyes, and will no doubt attempt to pass himhair and blue eyes, and will no doubt altempt to pass inm-self as a white min. He was raised by a Mr. Dickey, of Spartanburg District, and was purchased by Capt. James Bonds of Spartanburg C. H. He is probably lurking in the vicinity of that town, or may attempt his escape to a free State. He rode off a sorrel horse ten or twelve years old, which has a scar on both shoulders caused by warts, and is shod behind, is quick in gaits and steps short, holds a fine head, is sunk very much above the eyes and inclines to be spiteful. The above reward of FIFTY DOLLARS will be given for the apprehension of the boy and borse; the boy to be lodged in any jail in the State. All expenses for keeping the horse will also be paid.

THIS Mill digers from all others in the construction of the upper or Running Stone, which is composed or French Burr Blocks, enclosed in a cast from Case, which forms the back and hoop of the Stone with a Cast from Fre, or Bush, than is of greater external disancter at the bottom that at the top, which is seeinred to the back by four holds, so that every block is a the former of the cast. at the key, which is sectured to the back by four notes, so that every block is in the form of a dove tail, which gives greater strength to a Stoucthan any other method which is required in small mills, where the stone is run with great speed, and becomes dangerous if not atrougly enale. It also gives any weight to a stone of small diameter that is required without having it thek or high, this makes it top heavy.

This mill is a square frame made of weed or east from in the form of a back, with hirefpe tree. Spindle fallaces, Nieg Briver, and Regulating Screw, and grinds inton the same principle as a large mill, differing only in the Runner stone; this being of great weight enables it to grind more the cauch granter quantity of grain with less power than any other this being of great weight enables it to grind nearer the cean renarred and the control of grain with less power than any other mill now in use. This mill is portable, and may be attached to steam, water, horse or hand power.

AbSO, all sizes of french farr aviil konces, manufactured on the same principle.

Joseph H. Burrows, of Cincinnut, is the inventor, for which he obtained Letters Patent in 1842. For all infringements the purchaser will be hold responsible for the right of using.

These Mills do not require a Millright to set them up; and all that is necessary to put them in operation, is to attach a hand to the pulley on the spindle, with a dram sufficiently large to run a twenty-four iroh 2001 gen evolutions per misute, attached to Gin, Steam, or Water Power. By the study application of two herse power the Mill will grind w.r. to 8 bushels per hear of good ment; and will grind whent as well as corn. The thirty inch mill, if put to its fulfast

Messes. Scover & Mean:—I have been troubled with the chronic rhumatism for the last twelve years. On the last of puly 1549, I was so had that I could not step a wink for six days. At this time my attending Physician procribed the "Hebrew Pluster," and it acted like a charm; the pain left me and I slept more than half of the night, and in three days I was able to ride out. I consider the "Hebrew Plaster" the best remedy for all sorts of poins now in use.
